

## Striving to keep up with mobile technology?

Mobile Marketing and Technology is a new online publication and community dedicated to educating Marketing, Sales, IT professionals and Executives about the latest mobile phone technologies for marketing and communication.

Technology companies, marketing agencies, and Fortune 1000 to small and medium-sized businesses are invited to participate by asking questions to our technical experts, submitting products for review, or sharing white papers and news releases with the community.

Visit [www.marketingandtechnology.com](http://www.marketingandtechnology.com) to see how you can enhance your marketing and communications strategy with a mobile component. **Mobile Marketing: The Next Marketing Frontier.**
