

# “ Can your store fixtures keep up with today’s latest technologies?”

## Walls+Forms, Inc. presents

a new innovative wall & floor retail system that displays your electronic products with ease and confidence. Our modular system allows easy front access to conceal power, cabling and wiring by simply removing the “interchangeable” colored plates.

Create the look and feel of today’s trends, but still have the ability to re-configure, expand and change colors in the future, easily & inexpensively. “Future Proof”, your store by addressing change with Walls+Forms.

### Walls+Forms, Inc. can...

- Effectively display and promote newest technologies.
- Give your current customers a new experience
- Stay current with today's newest style and look
- Increase your sales
- Affordable, changeable, flexible and modular
